

LE ROCHER DES VIOLETTES
TOURAINÉ CÔT
VIEILLES VIGNES

Here is another expression of malbec, or côt, as it's better known in the Loire Valley. It comes from Le Rocher des Violettes, a fine, under-the-radar producer perhaps better known for its whites. It's much more floral, with some ripe red fruit flavors but an underlying minerality.

Eric Asimov, The NY Times

**LE ROCHER DES VIOLETTES
TOUCHE-MITAINÉ**

This wine is deliciously crisp and intensely mineral. It comes from a 10 acre parcel of 30-year-old Chenin Blanc in the Montlouis region within the Loire Valley.

The plot is farmed organically and only 1,100 cases are produced!
