

BARNAUT GRAND CRU GRANDE RÉSERVE BRUT NV

certified sustainable (HVE and VDC)

Philippe Secondé manages the artisan house of Barnaut in Bouzy, a village long famous for distinctly full-bodied Champagne on the southern flank of the Reims Mountain. In 1874, his forefather Edmond Barnaut was one of the first to break the ranks of the grandes marques to become a récoltant-manipulant. The domaine farms 32 parcels on 28 acres of vines on Bouzy's foothills and makes a range of Grand Cru Champagnes acclaimed for density and depth.

VINEYARD

Site:

Almost entirely from parcels in Bouzy on the south-facing slope of the Montagne de Reims, plus a small parcel each in neighboring

Ambonnay and Louvois.

Soil:

Champagne's famous campanian chalk with little topsoil.

Vines:

Mature: averaging 45 years of age. No herbicides (only light plowing) or pesticides; organic composts; minimal fungicides. Hand-harvested. Certified HVE (High Environmental Value) and

VDC (Sustainable Viticulture in Champagne).

Varieties:

A classic Bouzy blend of two-thirds Pinot Noir and one-third

Chardonnay.

CELLAR

& Aging:

Vinification Fruit sorted on a vibrating sorting table and then pressed with a state-of-the-art pneumatic press and exposed to oxygen to allow for potentially oxidative elements to fall out-sulfur additions consequently reduced. Parcels vinified individually in stainless steel with indigenous yeast. Undergoes malolactic fermentation. Reserve wine from a solera system maintained by five generations of Barnaut descendants.

Dosage: 6 g/l.

Production: 5,000 cases.

Profile: This champagne harnesses the inherent density and fruit that

Bouzy offers. Rich, detailed and full-bodied-for those who like

bold Champagne!

BARNAUT GRAND CRU BLANC DE NOIRS BRUT NV

certified sustainable (HVE and VDC)

Philippe Secondé manages the artisan house of Barnaut in Bouzy, a village long famous for distinctly full-bodied Champagne on the southern flank of the Reims Mountain. In 1874, his forefather Edmond Barnaut was one of the first to break the ranks of the *grandes marques* to become a récoltant-manipulant. The domaine farms 32 parcels on 28 acres of vines on Bouzy's foothills and makes a range of Grand Cru Champagnes acclaimed for density and depth.

VINEYARD

Site:

On the south-facing slopes of the Grande Montagne de Reims,

immediately behind the village of Bouzy.

Soil:

Champagne's famous campanian chalk with little topsoil.

Vines:

Mature: averaging 35 years of age. No herbicides (only light plowing) or pesticides; organic composts; minimal fungicides.

Hand-harvested. Certified HVE (High Environmental Value)

and VDC (Sustainable Viticulture in Champagne).

Varieties:

Pinot Noir.

CELLAR

Vinification & Aging:

Fruit sorted on a vibrating sorting table and then pressed with a state-of-the-art pneumatic press and exposed to oxygen to allow

for potentially oxidative elements to fall out-sulfur additions consequently reduced. Aged in stainless with at least 24 months on the lees. Reserve wine from a solera system maintained by

five generations of Barnaut descendants.

Dosage: 6 g/l.

Production: 1,650 cases.

Profile: A full-bodied mouthful of delicious Pinot Noir fruit! Richly

aromatic, notes of iodine, ocean brine and the whole oyster

shell thing. A wine of power yet finesse.

BARNAUT GRAND CRU AUTHENTIQUE ROSÉ BRUT NV

certified sustainable (HVE and VDC)

Philippe Secondé manages the artisan house of Barnaut in Bouzy, a village long famous for distinctly full-bodied Champagne on the southern flank of the Reims Mountain. In 1874, his forefather Edmond Barnaut was one of the first to break the ranks of the grandes marques to become a récoltant-manipulant. The domaine farms 32 parcels on 28 acres of vines on Bouzy's foothills and makes a range of Grand Cru Champagnes acclaimed for density and depth.

<u>VINEYARD</u>

Site:

From parcels in Bouzy on the south-facing slope of the

Montagne de Reims.

Soil:

Champagne's famous campanian chalk with little topsoil.

Vines:

Mature: averaging 35 years of age. No herbicides (only light plowing) or pesticides; organic composts; minimal fungicides. Hand-harvested. Certified HVE (High Environmental Value)

and VDC (Sustainable Viticulture in Champagne).

Varieties:

Pinot Noir with 10-15% Bouzy Chardonnay added for

freshness.

CELLAR

Vinification & Aging:

Authentique because this is an ancestral saignée method rosé. Fruit sorted on a vibrating sorting table and then pressed with a state-of-the-art pneumatic press and exposed to oxygen to allow for potentially oxidative elements to fall out-sulfur additions consequently reduced. Parcels vinified individually in stainless steel with indigenous yeast. Undergoes malolactic fermentation. Reserve wine from a solera system maintained by five generations of Barnaut descendants.

6 g/l.

Production:

1,250 cases.

Profile:

Dosage:

Powerfully and deliciously marked by Pinot Noir, this rosé

champagne is made unapologetically for the table.

BARNAUT GRAND CRU SÉLÉCTION BRUT NATURE NV

certified sustainable (HVE)

Philippe Secondé manages the artisan house of Barnaut in Bouzy, a village long famous for distinctly full-bodied Champagne on the southern flank of the Reims Mountain. In 1874, his forefather Edmond Barnaut dug a cellar 15 meters straight down into the chalk to make and age wine from his own grapes—one of the first to break the ranks of the *grandes marques*. The domaine farms 32 parcels on 28 acres of vines on Bouzy's foothills and makes a range of Grand Cru Champagnes acclaimed for density and depth.

VINEYARD

Site:

Almost entirely from parcels in Bouzy on the south-facing slope of the Montagne de Reims, plus a small parcel each in

neighboring Ambonnay and Louvois.

Soil:

Champagne's famous campanian chalk with little topsoil.

Vines:

Mature: averaging 45 years of age. No herbicides (only light plowing) or pesticides; organic composts; minimal fungicides.

Certified HVE (High Environmental Value) and VDC

(Sustainable Viticulture in Champagne).

Varieties:

From the domaine's ripest Pinot Noir (85-90%) with a bit of

Chardonnay for lift.

CELLAR

Vinification & Aging:

Fruit sorted on a vibrating sorting table and then pressed with a state-of-the-art pneumatic press and exposed to oxygen to allow for potentially oxidative elements to fall out-sulfur additions consequently reduced. Parcels vinified individually in stainless steel with indigenous yeast. Undergoes malolactic

fermentation. Reserve wine added.

Dosage: Zero dosage.

Production: Only 250 cases.

Profile: A richly vinous cuvée of beautiful maturity and energy.
